Letter of recommendation

Azerfon LLC has been cooperating with Business Insight since 2019. Business Insight provides Marketing research for Azerfon LLC.

While working on the projects, the team of Business Insight has demonstrated its ability to approach the tasks with full responsibility, to perform the work properly and on time. The fieldwork was done with high quality and data was provided in time. An undoubted advantage of the company is a proven way of results and process checking. Distinctive features of Business Insight work are its high professionalism, organization of the employees and experience in providing good recommendations and detailed analytical report with personal presentation. Analytical team demonstrated wide previous experience of work with various providers, which helps to get interesting insights.

Based on our experience, Azerfon LLC can recommend Business Insight as a reliable and qualified partner in researches and improvement of Clients' experience.

Gunnar Pahnke,
Chief Executive Officer
